

## UNITE, supporting grassroots sports in Cuba

Several Unite the Union regions have launched an appeal to send grassroots sports equipment to Cuban schools. Together with the Cuba Solidarity Campaign they are collecting funds to break the 60-year-old blockade which causes shortages in all areas of Cuban life. Money raised will be used to purchase sports equipment specially requested by the Cuban Teaching, Sports and Science Workers' Union (SNTECD): everything from balls for football, volleyball and basketball, to bats, teamkits and nets, as well as specialist equipment to enable students with special educational needs and disabilities to participate.

## **YOUR SUPPORT CAN MAKE A DIFFERENCE**

Money raised will be used to purchase a variety of sports equipment (such as shown here) to be shipped to Cuba in 2023.

£100 Multi-ball set including footballs, volleyballs, basketballs and pumps

£250 Multi-ball set as above, plus nets and accessories

School sports accessibility equipment including, sensory balls, low nets, throw and catch kits, hoops

Primary school athletics set – containing over 50 pieces of equipment for running, jumping and throwing activities

"The blockade is the biggest obstacle to the development of education in Cuba, and while we manage to achieve a lot with the resources we have, we know that we could do so much better without the blockade. It stops us from being able to buy much needed resources for our schools."

Niurka Maria González Orberá, General Secretary, SNTECD
